Enjoy some local flavours....

The Australian Pub is very much part of our culture and an “Aussie institution”. Since 175 years ago when liquor licenses were first granted, pubs or hotels have been one of Western Australia’s most popular venues for meeting up with friends or just enjoying a quiet drink and rest after a long journey. Never more so than in regional Western Australia where local pubs or hotels are often the most historic and interesting building in town. It can also be the centre of the community and will give visitors the opportunity to learn more about the area and meet some local people.

Below are listed some of the hotels located within Australia’s Golden Outback which you can visit to add some “local and historic flavour” to your journey.
